About Kepler

WE ARE ALL BORN EXPLORERS

As children, we are constantly discovering our environment through play, new experiences, and serve and return interactions. At Kepler Academy, we strive to foster this sense of discovery with a rich early learning and child care service through our Exploratory Education approach.

OUR PROGRAMS

Kepler Academy offers full-time early learning and childcare services for children between the ages of 16 weeks and 6 years old, and out-of-school* care for children between 6 and 12 years. With our Exploratory Education approach, your child will be given the necessary skills to advance in several critical areas.
